Poverty

Resilience
Helping Build a Resilient Singapore

More senior citizens aged 65 and older

- People above the age of 65 - doubled from 220,000 in 2000 to 440,000 today, and is expected to increase to 900,000 by 2030
- Smaller base of working-age citizens – Now 6.3 citizens in the working-ages of 20 to 64 years, for each citizen aged 65 and above; by 2030, 2.1 working-age citizens for each citizen aged 65 and above.

Resilience – the ability of an individual or community to manage and deal with present vulnerabilities, and be able to manage and recover from future shocks or disturbances
The One Billion Coalition for Resilience (1BC) is an unprecedented commitment from individuals, communities, organizations, business and governments to mobilize the potential of our collective networks, our ability to work at scale, and to coordinate our shared resources, working toward a world where people are safer, healthier and can thrive, even in the face of adversity.
Singapore Red Cross - One Billion Coalition
